

Nutty-as-a-Zagnut Kurt Goedel and Sockless Albert Einstein  
Gigging at the Impotence of Logical Analysis

Martin Olson's  
*Three Maxims of Mysticism:*

- 1. The less something exists,  
the more people want it.*
- 2. The secrets of the universe are  
only given on a need-to-know basis.*
- 3. The Universe is not really self-aware;  
it only thinks it is.*
